## CAMP GEAR

Describe any and all individually owned or used camp gear that is visible to the public. Any camp gear owned or used by the unit as a whole should be listed on the General Impression Reference Form (GIRF).

Please note, if your unit did not have a camp item for the period you are portraying, you are not restricted from using such an item provided it is documented for the period. For example, if historically your unit did not use tents but you would like to use tents at events, the tents you use should be documented for the period even if they are not documented for your unit. Likewise, tables, chairs, cookware, fire irons, and other camp equipment should be documented for the period if they are visible to the public.

Please consider the following categories:

- Canvas (tents, dining fly, bell of arms, marquees, etc):
- Furniture (tables, seating, etc)
- Campaign boxes, crates, etc.
- Fire irons and other fire equipment
- Cookware, eating ware, and drink ware (pots, pans, utensils, plates, bowls, mugs, etc)
- Buckets
